

Allen County Community College

For over 60 years, the University of Kansas School of Social Welfare has provided leadership and innovation in professional social work education. KU has the oldest school of social welfare in the state and the only one to offer degree preparation from the undergraduate level through doctoral degrees. Our Bachelor of Social Work (BSW) graduates consistently outscore the national average on the social work licensing exam. Ninety-eight percent of our BSW graduates are employed or in graduate school soon after commencement. Our distinguished faculty are leading experts in many areas of practice, including: mental health, child welfare and child mental health, aging, spirituality in social work practice, criminal justice, poverty and other areas; and they bring this expertise to the classroom. Given our relatively small class sizes and accessible faculty, students are expected to become engaged in their own learning. They are encouraged to become involved in the life of the School through vibrant student groups and student representation on many School committees.

This transfer guide provides important information and a sample four-semester plan for a student starting at Allen County Community College and transferring to KU for the remaining coursework. However, each student's background and goals are unique. Thus we recommend ongoing communication with an advisor in the KU School of Social Welfare. See contact information at the bottom of this

School of Social Welfare Admission Requirements

1 Step One: Admission to the University of Kansas

All incoming students must first apply for admission to the University of Kansas. The application may be completed online at www.admissions.ku.edu. Students must submit official college transcripts from all colleges and universities previously attended. Please note that indicating "social welfare" as your major choice on your application to KU does not grant you entry to the KU School of Social Welfare (see Step Two below). For scholarship consideration, we encourage you to apply to KU by February 1st prior to the fall/summer semester or November 1st prior to the spring semester you plan to transfer to KU.

*Please view the [Bachelor of Social Welfare Degree Requirements](#) for a list of KU courses that meet the US Cultural and Intercultural Studies degree requirements. You may then select a course that transfers from your college to KU as an equivalent using [CredTran](#). Please contact an advisor if you would like assistance.

The BSW also requires a course equivalent to ECON 104, and either HUM 204 or 205. An equivalent course is not offered at many community colleges. If you would like to complete the ECON requirement prior to transferring you may take courses equivalent to KU's ECON 142 and 144. In addition, courses equivalent to KU's ABSC 160 or PSYC 333 satisfy the EPSY 305 requirement.

Transfer courses may be matched to a course of opposite level at KU, but the level of credit is defined by the originating institution. (All community college courses are lower level.) It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer program is provided as a service and is updated annually. Degree requirements are subject to change.
