

Transfer Guide Psychology Bachelor of Arts

Fort Scott Community College

Are you interested in the human mind? You are in the right place! Psychology is all about human behavior and what dictates it. Why do people behave the way they do? What makes people happy or unhappy? What are the relationships between the mind and the brain? Majoring in psychology will allow for you to explore the behavior of people and how their minds work and apply it to the modern world. Our scientific approach to understanding human behavior equips students with a solid foundation of analytical, research and clinical skills for careers in many fields with a human service emphasis. Please feel free to contact us at 785-864-4131 or psychology@ku.edu.

- It is recommended that general electives and KU Core courses be used to complete prerequisites, explore interests, and/or complete an Associate's Degree. Students must demonstrate fourth semester proficiency in a single non-English language, or third semester proficiency in a first non-English language and first semester proficiency in a second non-English language. This requirement may be met through coursework or examination by the appropriate language department.
- A maximum of 64 hours of community college course work can be applied toward a KU degree. A Bachelor Degree requires 45-upper level hours. Transfer courses may be matched to a course of opposite level at KU, but the level of credit is defined by the originating institution. (All community college courses are lower level.) Courses with a grade of D+ or below cannot fulfill degree requirements.
- It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer program is provided as a service and is updated annually. Degree requirements at KU are subject to change.
