- It is recommended that general electives and KU Core courses be used to complete prerequisites, explore interests, and/or complete an Associate’s Degree. Students must demonstrate fourth semester proficiency in a single non-English language, or third semester proficiency in a first non-English language and first semester proficiency in a second non-English language. This requirement may be met through coursework or examination by the appropriate language department. If Coffeyville Community College doesn’t offer four semesters of foreign language you may choose to complete electives and fulfill that requirement at KU.

- A maximum of 64 hours of community college course work can be applied toward a KU degree, lower division courses and upper division courses may be matched to a course of opposite level at KU, but will be awarded the level of credit as defined by the originating institution. Courses with a grade of D+ or below cannot fulfill degree requirements.

- It is the STUDENT’S RESPONSIBILITY to check for updates to all transfer information. This transfer program is provided as a service and is updated annually. Degree requirements at KU are subject to change.
