### Additional Notes for Transfer Students

- *MATH 101, or a higher level math excluding courses equivalent to MATH 103, 109, and 110 will satisfy requirement.
- While additional courses have been included on this transfer guide it should be noted that due to prerequisites and course offerings if a student spends two years at a community college, the student may still have three years of courses to complete once at KU. This could cause the student to be below full-time enrollment while at KU.
- This degree includes a minor. Minor options include: business, psychology, or journalism.
- Transfer credits with earned grades of D+ and below will not satisfy graduation requirements, but are included in the transfer GPA. If a student takes a course and then repeats it at the same institution, KU will honor the course repeat policy in effect at the institution issuing the transcript.
- A bachelor’s degree must include 120 completed credit hours. A student may apply a maximum of 64 credit hours of community college coursework to a KU degree.
- Transfer courses may be matched to a course of opposite level at KU, but the level of credit is defined by the originating institution. (All community college courses are lower level.)
- View the most up-to-date listings of transferable courses at: [http://credittransfer.ku.edu](http://credittransfer.ku.edu). You can search by specific KU Core goal or view many of the courses that transfer to KU. If a class is not listed contact transfercredit@ku.edu to inquire about transferability.
