Transfer Guide
Bachelor of Business Administration

Hesston College

The Bachelor of Business Administration (B.B.A.) offered through the KU School of Business exposes students to a broad range of topics such as business law, economics, finance, management, marketing, and international business. The accredited B.B.A. program curriculum provides a strong professional education within a broad liberal arts context. Graduates who complete a business administration degree will have the framework for advancement and leadership in the business setting.

The information in this guide provides a sample four-semester plan for a student starting at Hesston College and transferring to KU for the remaining coursework. However, each student’s background and goals are unique. Thus we recommend ongoing communication with an advisor in the KU School of Business. See contact information at the bottom of this page.

School of Business Admission Requirements

Step One: Admission to the University of Kansas
All incoming students must first gain admission to the University of Kansas. Admission applications to the University of Kansas may be completed online at www.admissions.ku.edu. Gaining admission to the University of Kansas requires the submission of official college transcripts from all previously attended colleges/universities. Please note that indicating “Business Major” on your application to KU does not grant you entry to the KU School of Business. For scholarship consideration, we encourage you to apply to KU by February 1st prior to the fall/summer semester you plan to transfer to KU.

It is recommended that general electives be used to complete prerequisites, explore interests, and/or study a foreign language, as well as complete an Associate’s Degree. If completing an Associate’s Degree be sure to select recommended courses that fulfill both the community college and KU requirements. A Bachelor Degree requires 45-upper level hours. Transfer courses may be matched to a course of opposite level at KU, but the level of credit is defined by the originating institution. (All community college courses are lower level.) It is the STUDENT’S RESPONSIBILITY to check for updates to all transfer information. This transfer program is provided as a service and is updated annually. Degree requirements are subject to change.
