- While additional courses have been included on this transfer guide it should be noted that due to prerequisites and course offerings if a student spends two years at a community college, the student may still have three years of courses to complete once at KU.
- Transfer credits with earned grades of D+ and below will not satisfy graduation requirements, but will be included in the transfer GPA. - If a student chooses to complete EPSY 305 he/she may need to take an additional upper-level course. Transfer courses may be matched to a course of opposite level at KU, but the level of credit is defined by the originating institution. (All community college courses are lower level.)
